Practical Training Courses 2009-10

Fast HPLC Course £395

2-Day Course £745

ICP-MS Course £495

NEW...

- State-of-the-art teaching facilities in North-West
- Fast HPLC and ICP/MS Courses

These hands-on courses are designed to introduce both theory and practical concepts of instrumental analysis and run at our exciting new laboratory facilities in London and Manchester.

Modern equipment is used in conjunction with interactive teaching techniques and well-established practical exercises to ensure maximum return on your training investment.

There are SIX places on each of these courses, so book early to avoid disappointment!

Off-site Training Courses 2009-10

The most cost-effective £195 your company will spend this year!

Our range of exciting and interactive Short Courses contain critical knowledge of Chromatography and Mass Spectrometry applications and instrumentation.

You will gain valuable skills which you will be able to put immediate use!

- Learn the absolute essentials of each technique
- Courses include use of multi-media examples and tutorial exercises

If you are new to analytical chemistry or you just need a refresher, we aim to help you gain an insight into important chromatographic and spectrometric techniques.

NEW COURSES

- Analytical Method Validation
- Solid Phase Extraction
