

Chromatography and Mass Spectrometry Training Courses

Practical Courses	2015				2016							
	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug
HPLC Troubleshooting & Maintenance	3						3					
HPLC Method Development			3-4							7-8		
LC-MS	15-16						15-16					
GC Troubleshooting & Maintenance		8						21				
GC Method Development		13-14						26-27				
GC-MS	8-9						8-9					

Classroom Courses	2015				2016							
	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug
Fundamental HPLC	1						1					
HPLC Troubleshooting and Maintenance	2						2					
LC-MS for the Chromatographer			10						17			
LC-MS Interpretation			11						18			
Fundamental GC		6					19					
GC Troubleshooting and Maintenance		7					20					
GC-MS for the Chromatographer		20							10			
GC-MS Interpretation		21							11			
Analytical Method Validation												
Fundamental ICP-MS												
Introductory statistics for scientists			17						24			
Advanced statistics for scientists			18						25			
Intro to Biomolecule Mass Spectrometry												

Glasgow (Caledonian University)

London (Kings College)

www.crawfordscientific.com/training.htm

The worlds largest e-Learning website for analytical scientists

Packed with practical information that will help improve your skills and productivity

- ✓ 1000's of eLearning topics - HPLC / GC / Sample Prep / Mass Spec / Infrared / Basic Lab Skills
- ✓ Ask the Expert - an answer to your questions within 24 hrs
- ✓ New Video Courses covering HPLC, GC, LCMS and GCMS with tutor support
- ✓ Complete archive of the Essential Guide webcasts & tutorials
- ✓ Full use of our HPLC and GC Interactive Troubleshooters
- ✓ Assessments to test your knowledge
- ✓ Full LCGC database of application notes & articles
